Dear Jeanette,

How is it Jeanette? Didn't you receive my letter? You must know I send a letter to you with my present for your birthday. But after that I did not receive a letter and therefore now I write to you. It is possible that my letter is lost. In that case write it me soon. I have received your present on New Year. I found it very nice and I thank you for it. I hope you will not be angry at me for it is not my fault. I enclose some pictures of Holland.

I hope that I shall soon get a letter of you.

Your boy in Holland
